

PREVENT THE SPREAD

DISINFECTANTS, SANITIZERS, HAND SOAPS

Eliminator 42 Concentrated Disinfectant Cleaner

DIN Registered. Kills viruses, bacteria and fungi. This lemon scented quaternary ammonium chloride based degreaser/disinfectant is designed for use as a disinfectant for general household use, schools, food processing plants, and light industrial and hospital cleaning applications. It is also recommended as a sanitizer for restaurants, dairies, food processing plants, and bars. Eliminator 42 deodorizes those areas which are generally difficult to keep fresh smelling, such as garbage bins, toilet bowls, and any other areas prone to odours caused by micro-organisms. Effective against Feline calicivirus and likely to kill SARS-CoV-2 (the virus that causes COVID-19).

Available in the following pack sizes:
12x1L – 4x4L – 20L – 205L – 1000L

Protocol Hand Sanitizer Alcohol Hand Sanitizer

NPN registered. This product is a 70% active ethanol solution that follows the WHO standard for alcohol hand sanitizer. It contains glycerine to help prevent the drying of hands after repeated use. It will kill harmful germs and bacteria and is suitable for personal hand hygiene to help prevent the spread of bacteria.

Available in the following pack sizes:
36x300mL – 12x1L – 4x4L – 20L – 205L – 1000L

Eliminator DS Ready to Use Disinfectant

DIN Registered. Broad spectrum virucide expected to inactivate the SARS-CoV-2 (The virus that causes COVID-19). Also kills bacteria and fungi. Eliminator DS is designed specifically as a general non-acid cleaner and disinfectant for use in hospitals, nursing homes, schools, hotels and restaurants as well as for use in industrial and institutional food processing establishments, kennels, veterinarians and animal hospitals. It is formulated to disinfect hard non-porous, inanimate surfaces such as floors, walls, metal surfaces, stainless steel surfaces, porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bath tubs and cabinets.

Available in the following pack sizes:
12x1L – 4x4L – 20L – 205L – 1000L

Protocol K-760 Hand Soap

This exceptionally mild, Ecologo approved hand soap is designed for use in lotion hand soap dispensers. It uses ultra mild, readily biodegradable cleaners that are tough on dirt, but mild on skin. Protocol K-760 is not formulated with dyes, fragrances or preservatives that can irritate sensitive skin. Protocol K-760 is designed to be used in schools, restaurants, shops, public facilities, and offices.

Available in the following pack sizes:
12x1L – 4x4L – 20L – 205L – 1000L

Peroxi 3 Concentrated Surface Sanitizer

Peroxi 3 is concentrated hydrogen peroxide cleaner/sanitizer that can be used to clean and sanitize non-porous, hard surfaces such as glass, stainless steel, bathroom surfaces, tile, grout, and floors. It can also be used as a carpet extraction pre-spray and spot remover. Peroxi 3 can be diluted for every day cleaning or used as is to spot clean heavy stains. For use in food plants, a potable rinse is required after cleaning.

Available in the following pack sizes:
12x1L – 4x4L – 20L – 205L – 1000L

Protocol K-750 Foaming Hand Soap

This exceptionally mild, Ecologo approved hand soap is designed for use in foaming hand soap dispensers. It uses ultra mild, readily biodegradable cleaners that are tough on dirt, but mild on skin. Protocol K-750 is not formulated with dyes, fragrances or preservatives that can irritate sensitive skin. Protocol K-750 is designed to be used in schools, restaurants, shops, public facilities, and offices.

Available in the following pack sizes:
12x1L – 4x4L – 20L – 205L – 1000L
